O

MOM AND US

A day with you is so magical
and we get to be with you
every single day

We like talking to you, and the many things you share with us, teaching us more and more every day. Some cool, some strict and a lot of funny in between.

LAUREN

I like it when you spoil her with treats because I know she really likes it a lot.

"I'LL GIVE YOU A COOKIE"

Eat your breakfast so you'll be big and strong.

GETTING READY

We love the Tuna sandwich and hot chocolate
you prepare for us every morning.

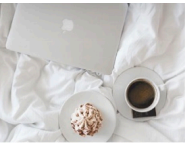

Don't talk with your
mouth full!

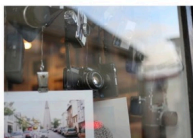

Aaaand we're out the door bursting with energy!

**Picnic
PARADISE**

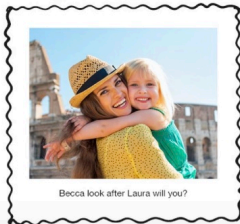

Go on now... Go have fun.

DAY OUT

C'mon girls... Sun's up and shining
Becca! Laura! Downstairs now!

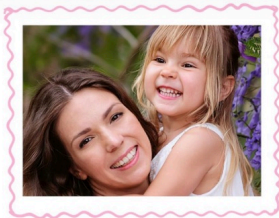

A walk through the park is so much fun with you
pointing out all the cool things.

Becca look after Laura will you?

Girls please don't wander off too far!

HAPPY MOTHER'S DAY!

To our most favourite person in the whole wide world

**SHE IS
